Your guide to proof of identity

We prioritise the security of your super savings. To make withdrawals or other important changes to your account, you'll need to prove your identity. This fact sheet explains how to submit your ID documents, what documents we can accept, and how to properly certify copies.

Verifying your identity online

The quickest way to prove your identity is through your online account by logging into unisuper.com.au/memberonline. It should only take a few minutes, and you'll get instant confirmation of your ID check.

To verify your identity through your online account, you must currently reside in Australia and provide one or more of the following valid Australian documents:

- Australian passport
- Australian visa
- Australian citizenship certificate
- Australian birth certificate
- Australian driver's licence
- Medicare card
- Centrelink card.

Please make sure that you've checked your personal details are up to date with relevant government agencies before you begin the process of verifying your identity online. We use government and public databases to securely verify your identity.

If you cannot confirm your identity via your online account, or if the documents you wish to verify aren't listed above, there are alternative methods to submit your proof of identity documents.

Other ways to verify your identity

You can verify your identity by providing us with certified copies of your ID documents. Before doing so, please ensure you've read this fact sheet to understand which documents are acceptable and how to certify them correctly. You'll also find instructions on how to submit your documents to UniSuper toward the end of this fact sheet.

CIRCUMSTANCES WHERE WE CAN VERIFY YOUR IDENTITY

On some forms, you have the option to include your identity details and give us permission to check them electronically, so you don't need to send certified copies of your ID documents.

In some cases, if the ID documents you send with a form aren't properly certified or are difficult to read, we may try to verify them electronically. Generally, if you've signed the form declaration, you've consented to this process. We'll use the documents you provided to verify your identity. If we're unable to confirm your identity, we will let you know.

ID documents we can accept

Generally, we'll accept either one document from List A or two documents from List B.

LIST A

A certified copy of your current:

LINKING DOCUMENTS

For certain requests (such as updating your name or signing on a member's behalf), you must provide a certified linking document in addition to the standard ID documents. These documents demonstrate the connection between you and the change being made or the member. The documents may be issued by an official Australian or foreign entity. The requirement for linking documents varies based on the request, for example:

ACTION	SUITABLE LINKING DOCUMENT
Change of name (document must show history of name change)	• Marriage certificate • Divorce certificate • Change of name certificate • Registered relationship certificate • Birth certificate that shows history of name change • Deed Poll
Updating date of birth	• Birth certificate

Your linking document can be provided by/from another country. However, any foreign-issued documents not in English must first be translated into English.

Please note: The details of authority (e.g. Power of Attorney documentation) will need to be attached and noted on the member's account before any interaction proceeds. Once we have a valid authority in place, you'll still need to ensure you provide your certified Proof of Identity documents in order to provide us with any instructions in relation to the member's account.

Certifying your ID documents

Take your original document(s) along with a clear photocopy of both sides to an authorised person. We provide a list of who's authorised to certify IDs later in this fact sheet.

The authorised person will need to:

1. sight the original document, and the copy, to ensure both documents are identical, and
2. write or stamp 'this is a true and correct copy of the original document I have sighted' or 'certified true copy', followed by their:
