### Information on fees and costs

Member number:

Dear ,

We recently provided you with a summary of the actual investment fees and costs for the 2022-23 financial year.

In addition to that summary, which we've enclosed for reference, we wanted to provide you with some more information on investment fees and costs expectations for the 2023-24 financial year. These expectations are set out as footnotes to that table summary. It's important to note that these expectations are estimates only—the actual investment fees and costs for the 2023-24 financial year will be calculated and made available after that financial year ends.

### More information on investment fees and costs

The investment fees and costs explained on the following page apply to:

- Accumulation 1
- Accumulation 2
- Personal Account
- the accumulation component of the Defined Benefit Division.

More information about investment fees and costs can be found in the *Fees and costs* document available at [unisuper.com.au/pds](https://unisuper.com.au/pds).

<sup>1</sup> The investment fees and costs and transaction costs shown above are indicative only and are based on the investment fees and costs and transaction costs for the year ended 30 June 2023, including several components which are estimates. The actual amount you'll be charged in subsequent financial years will depend on the actual fees and costs incurred by the Trustee in managing the relevant investment option. Investment fees and costs may include an amount for performance fees. The calculation basis for this amount is set out under 'Additional explanation of fees and costs' in the *Fees and costs* document available at [unisuper.com.au/pds](http://unisuper.com.au/pds).

<sup>2</sup> Components may not add to 'Total' due to rounding.

<sup>3</sup> For the financial year ended 30 June 2024, the transaction costs for this option are expected to increase by 0.07%.

<sup>4</sup> For the financial year ended 30 June 2024, the transaction costs for this option are expected to increase by 0.16%.

<sup>5</sup> For the financial year ended 30 June 2024, the transaction costs for this option are expected to increase by 0.08%.

<sup>6</sup> From 28 September 2023, and all other things being unchanged, the investment fees and costs for this option are expected to reduce by 0.07% per annum.

<sup>7</sup> For the financial year ended 30 June 2024, the investment fees and costs for this option are expected to decrease by 0.01%.

<sup>8</sup> These amounts reflect the fees and costs which we have incurred in managing the Listed Property option, for example, fees and costs we incurred in the course of investing in listed property securities i.e. REITs for that option. These figures do not include any amounts incurred by the REITs which the Listed Property option has invested in – such as costs relating to any real property and the other business activities of those REITs.
