

14 November 2023

Dear,

We're improving your product Member number:

From time to time it's necessary for us to make changes to our products, to ensure they continue to meet your needs, and it's important you understand these changes and how they impact you.

When you first became a member of UniSuper, there were rules in place—outlined within the Product Disclosure Statement (PDS) you received when you first joined—that meant you had to wait for your employer to make your first contribution before you were able to start using all the features of your new membership.

We're excited to confirm that from **18th November 2023** we've removed some of these barriers, and you're now able to start using your account instantly (and don't have to wait for your employer to start contributing for you).

You're now able to create an online account, download the mobile app, find and combine any other super you may have or make additional contributions—and start building towards a future worth retiring for.

As a result of this change, we've updated our PDS—which we encourage you to read—available at www.unisuper.com.au/pds.

We're here to help

If you have any questions at all, please call us on 1800 331 685 or email enquiry@unisuper.com.au.

If you'd prefer to skip the queue, the UniSuper app puts your future in your hands no matter where you are. Download the app to manage your super where you like, when you like (find it on Google Play or in the App Store).

Many thanks,

UniSuper
