## Consumer Advisory Warning

### DID YOU KNOW?

**Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.**

**For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).**

**You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.**

**You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.<sup>1</sup>**

### TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC) Moneysmart** website ([www.moneySMART.gov.au](http://www.moneySMART.gov.au)) has a superannuation calculator to help you check out different fee options.

<sup>1</sup> This text is required by law to be included in all PDSs. Please note, however, UniSuper's fees are set at a competitive level that is consistent with effective management and are not negotiable by members.

## Fees and costs

### COMPETITIVE FEES AND NO COMMISSIONS

UniSuper members benefit from savings we achieve as one of the largest super funds in the country—savings we pass on to you through competitive fees.

We don't pay commissions, and our advisers don't receive commissions.

### FEES AND OTHER COSTS

This document shows fees and other costs you may be charged. These fees and other costs are deducted from your money, from the returns on your investment or from the assets of UniSuper as a whole.

Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance you choose. Entry fees and exit fees cannot be charged.

Taxes, insurance fees and other costs relating to insurance are set out in the Product Disclosure Statement, and the *How super is taxed* and *Insurance in your super* documents.

You should read all the information about fees and other costs because it's important to understand their impact on your investment.

The fees and other costs for the Balanced (MySuper) investment option are set out on page 2 and for our other investment options are set out on page 6.

## Changes to fees and costs

If changes (that aren't materially adverse) are made to fees and costs, updated information will be available on our website or by calling us. You can request a paper or electronic copy of updated information without charge.

<b>Member activity related fees and costs</b>		
<b>Buy-sell spread</b>	Nil	Not applicable
<b>Switching fee</b>	The first switch per account in each financial year is free of charge. All subsequent switches will be charged a fee of \$9.85 per switch on the date the switch becomes effective. If you're not invested in the Balanced investment option, the fee is deducted proportionally from your investment option(s).
<b>Other fees and costs<sup>3</sup></b>	Refer to 'Additional explanation of fees and costs' for details.	Where these fees and costs are applied to your account, they are deducted as described in 'Additional explanation of fees and costs'.

<sup>1</sup> If your account balance is less than \$6,000 at the end of UniSuper's income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

<sup>2</sup> The investment fees and costs and transaction costs shown above are indicative only and are based on the investment fees and costs and transaction costs for the year ended 30 June 2020, including several components which are estimates. The actual amount you'll be charged in subsequent financial years will depend on the actual fees and costs incurred by the Trustee in managing the investment option. Investment fees and costs includes an amount of 0.02% for performance fees. The calculation basis for this amount is set out under 'Additional explanation of fees and costs'. Refer to 'Additional explanation of fees and costs' for more information about how performance fees are calculated, including how performance fees are calculated where there is negative performance in a particular year.

<sup>3</sup> Refer to 'Additional explanation of fees and costs' on page 5 of this document.

<sup>4</sup> The transaction costs are net of any amount recovered by the buy-sell spread charged by UniSuper.

<sup>5</sup> The investment fees and costs and transaction costs for other investment options are set out on page 6, are calculated on the same basis, and paid at the same frequency and in the same manner as the Balanced investment option.

## Additional explanation of fees and costs

### INVESTMENT FEES AND COSTS

The investment fees and costs for the year ending 30 June 2020 (including transaction costs) can be viewed on page 6 or at [unisuper.com.au/investment-costs](https://www.unisuper.com.au/investment-costs).

These costs show the total investment fees and costs attributed to each of our investment options (excluding the fees that are charged directly to your account) as a percentage of the total average net assets of the relevant investment option.

### PERFORMANCE FEES

We don't directly deduct any performance fees from member accounts. However, some external investment managers may be entitled to receive performance fees if they generate strong investment returns. Performance fees may be paid directly out of the fund or may be incurred indirectly out of an interposed vehicle. These are included in the investment fees and costs and are indirectly borne by members invested in an option.

To receive performance fees, a manager must generate returns which exceed an agreed benchmark (in some cases by a margin or hurdle), in which case the manager is entitled to receive a percentage of the excess returns. The amount that can be recouped by any particular manager in one year is generally capped and fees in excess of the cap are carried forward into future years and can potentially be paid in future years, subject to generating adequate returns. If managers fail to generate excess returns in a year, this typically results in a negative amount being carried forward for future years to offset any performance fees which may otherwise become payable in future.

Note that managers generally manage portfolios comprising assets which relate to multiple investment options. It's not possible to accurately predict the amount of performance fees that may be payable in respect of a particular investment option in any given year. This will depend on:

- the investment returns generated during the year ahead
- which managers generate excess returns within their portfolios
- whether there were negative amounts (or positive amounts) being carried forward for those managers
- the individual fee arrangements (if any) which had been negotiated with the relevant investment managers
- the size of the portfolios being managed by those managers, and
- the proportion of those portfolios which relate to the relevant investment option.

The table below includes the average performance fee for each option (including performance fees in any interposed vehicles) over the five financial years ended 30 June 2020.

INVESTMENT OPTION	PERFORMANCE FEE
Conservative	0.01%
Conservative Balanced	0.01%
Balanced (MySuper)	0.02%
Sustainable Balanced	0.00%

<sup>1</sup> This option is not intended for people who are seeking returns from investing in real property. Investing in a listed REIT is very different from investing in real estate or real property. Refer to page 6 of *How We Invest Your Money* for more information.

The table below provides the performance fees incurred by the Balanced (MySuper) Option for the last five years.

<sup>2</sup> Average performance fee is calculated prior to rounding for individual years.

### WHAT'S AN INTERPOSED VEHICLE?

An interposed vehicle is a complicated concept to define completely and accurately. The following illustrates, on a simplistic level, how an investor might invest in an interposed vehicle.

An investor buys shares in a particular company listed on the Australian Securities Exchange (ASX). In this case, the shares in that company are an investment in their own right.

On the other hand, an investor could invest in another entity (Fund A) which, in turn, invests in that particular company listed on the ASX. In this case, Fund A will often be regarded as an interposed vehicle. When super funds disclose their fees and costs, they include fees and costs incurred by interposed vehicles. However, Fund A won't necessarily be an interposed vehicle if this was an investment in its own right and not a means of gaining exposure to the listed company.

Determining whether an entity is an interposed vehicle involves three separate tests. For a detailed explanation, we recommend you refer to the latest version of ASIC Regulatory Guide 97 Disclosing fees and costs in PDSs and periodic statements as well as any guidance (including frequently asked questions) issued by ASIC in conjunction with Regulatory Guide 97. The Guide is available at [www.asic.gov.au/regulatory-resources/find-a-document/regulatory-guides/](http://www.asic.gov.au/regulatory-resources/find-a-document/regulatory-guides/).

## TRANSACTION COSTS

Each investment option incurs transaction costs which differ for each option. These may be incurred directly by the Fund or through an interposed vehicle. They may be paid directly out of the Fund or out of an interposed vehicle which may indirectly reduce the return on an investment. These typically include:

- brokerage
- stamp duty
- settlement costs (including custody costs)
- clearing costs, and
- buy-sell spreads.

<sup>1</sup> The investment fees and costs and transaction costs shown above are indicative only and are based on the investment fees and costs and transaction costs for the year ended 30 June 2020, including several components which are estimates. The actual amount you'll be charged in subsequent financial years will depend on the actual fees and costs incurred by the Trustee in managing the relevant investment option. Investment fees and costs may include an amount for performance fees. The calculation basis for this amount is set out under 'Additional explanation of fees and costs'.

<sup>2</sup> Components may not add to 'Total' due to rounding.

<sup>3</sup> For the financial year ending 30 June 2021, we anticipate a reduction in the investment fees and costs of the Cash option of up to 0.03%. This is an estimate only, and the actual fee may increase or decrease depending on the investment fees and costs incurred.

<sup>4</sup> These amounts reflect the fees and costs which we have incurred in managing the Listed Property option, for example, fees and costs we incurred in the course of investing in listed property securities i.e. real estate investment trusts (REITs) for that option. These figures do not include any amounts incurred by the REITs which the Listed Property option has invested in – such as costs relating to any real property and the other business activities of those REITs.

### **OPERATIONAL RISK FINANCIAL REQUIREMENT**

Australian super funds are required to have an Operational Risk Financial Requirement (ORFR). This is required by the Australian Prudential Regulation Authority (APRA) and is intended to ensure that super funds have access to financial resources to cover losses, costs and expenses that may be incurred in the event of an operational risk.

The financial resources are held in the Operational Risk Reserve (ORR). This is funded out of investment-related charges which are included in the investment fees and costs for each option. This component of the ORR is currently 0.01% p.a. for each investment option.

### **FEES FOR UNISUPER ADVICE**

Factual information and general advice is provided at no additional charge to UniSuper members. The cost of that service is included in the administration fees and costs you pay. You can find out more about this service at [unisuper.com.au/advice](https://unisuper.com.au/advice).

UniSuper Advice is a financial planning service generally available to UniSuper members, former members and their families through UniSuper Management Pty Ltd (USM) ABN 91 006 961 799 Australian Financial Services Licence No. 235907, which is licensed to provide financial advice services and deal in financial products. UniSuper advisers are employees of USM. They are remunerated by way of a base salary and potential bonuses.

UniSuper Advice offers personal scaled advice on several topics, or comprehensive personal advice. Personal scaled advice covers topics like super contributions, investment options and insurance as they relate to your UniSuper account, as well as establishing a Flexi Pension. Comprehensive advice includes retirement planning, insurance, non-super investments and wealth accumulation.

Members will receive an advice fee quote before UniSuper Advice proceeds with personal advice services. Members will be charged on a fee-for-service basis at either a fixed or hourly rate. The cost of the service provided varies depending on a number of factors, including the complexity of the advice sought, and the cost for some personal scaled advice may be partially included in the administration fees and costs you pay.

These fees are additional to the fees stated in this document and the product disclosure statement. You can learn more about the services UniSuper Advice provides by referring to the *Financial Services Guide—Personal Advice* and *Financial Services Guide—General Advice*, available on our website or by calling us.

### **INSURANCE PREMIUMS**

See our *Insurance in your super* document for information on the premiums associated with your insurance cover. Applicable insurance premiums are deducted from your account each month. A fee for administering the insurance agreement is included in the premium cost.

### **EXCLUDED TRANSACTIONAL AND OPERATIONAL COSTS**

The following transactional and operational costs are excluded from the investment fees and costs:

- borrowing costs
- property operating costs
- implicit transaction costs and market impact costs other than in relation to certain derivative financial products.

### **TAX**

See the *Product Disclosure Statement* and the *How super is taxed* document for information on the tax applicable to your account. We'll provide you with a 15% rebate for administration fees, switching fees and external insurance premiums paid where a tax deduction is available to us. This means for every \$100 in fees and premiums deducted from your account, we provide you with a \$15 rebate to reduce these costs. The rebates for administration fees and external insurance premiums are credited to your account on a monthly basis. The rebate for switching fees is credited to your account when those fees are deducted.

### **GST AND STAMP DUTY**

Fees and costs may include GST and stamp duty where applicable. The amount of GST payable may be reduced in certain circumstances as a result of tax credits available to the Trustee.

**BANK FEES**

The Trustee reserves the right to recover any bank fees incurred on a cost recovery basis.

**ALTERATIONS TO FEES**

Fees are generally reviewed annually and may increase on 1 July each year in line with increases in the Consumer Price Index (CPI) for the previous 12 months ending 31 December. Fees may change without your consent.

We reserve the right to introduce a new fee or change any fees. We will give you 30 days' written notice (except where an increase in fee or charge is attributable to an increase in the Trustee's costs in managing your investments) before a new or increased fee takes effect. Where an increase in fee or charge is attributable to an increase in the Trustee's costs of managing your investments, the Trustee will notify you as soon as possible after the change takes effect, but not more than three months after the event occurs unless the change is not materially adverse, in which case the Trustee will notify you within 12 months of the change.
